### 1. Buy cards that give you more actions

One of the most important things you can do in Dominion is to buy cards that give you more actions. Actions allow you to play more cards each turn, which gives you more options and more chances to win.

Some of the best action cards in Dominion include:

- **Village:** +1 Action
- **Smithy:** +3 Cards
- **Market:** +1 Action, +1 Card, +1 Buy
- **Laboratory:** +2 Cards, +1 Action
- **Chapel:** Trash up to 4 cards from your hand

## 2. Don't buy too many different cards

It is important to focus on buying a few good cards rather than trying to buy a lot of different cards. When you buy too many different cards, your deck will become too diluted and you will not be able to get the cards you need when you need them.

Instead, try to focus on buying a few cards that work well together. For example, you might want to buy a deck that focuses on buying actions and drawing cards. Or, you might want to buy a deck that focuses on buying cards that give you money and victory points.

## 3. Trash your bad cards

One of the best ways to improve your deck is to trash your bad cards. Trashing cards removes them from your deck permanently, which makes it more likely that you will draw the good cards you need.

There are several ways to trash cards in Dominion. Some cards, like the Chapel, allow you to trash cards directly from your hand. Other cards, like the Moat, allow you to trash cards from your opponent's hand.

## 4. Don't be afraid to use your money

Money is a valuable resource in Dominion. It allows you to buy cards, which can give you more actions, cards, or victory points.

Don't be afraid to spend your money early in the game. The sooner you buy good cards, the sooner you will be able to start winning.

## **5. Pay attention to the other players**

It is important to pay attention to what the other players are doing. This will help you anticipate their moves and make better decisions.

For example, if you see that one player is buying a lot of cards that give them actions, you might want to buy some cards that give you extra buys. This way, you can keep up with them and prevent them from getting too far ahead.

## **6. Don't give up**

Dominion can be a challenging game, but it is important to not give up. Even if you are losing, there is always a chance to come back and win.

If you are losing, try to identify what you are doing wrong and make adjustments to your strategy. You might need to buy different cards, or you might need to play your cards differently.

## **7. Practice makes perfect**

The best way to improve at Dominion is to practice. The more you play, the better you will become at making good decisions and winning games.

You can play Dominion online or in person with friends. If you are new to the game, I recommend starting with the online version. This will allow you

to learn the game without having to worry about making mistakes.

## 8. Read the cards

One of the best ways to improve your Dominion game is to read the cards. The cards in Dominion are very well-written, and they can provide you with valuable information about how to play the game.

When you are reading a card, pay attention to the following things:

- **The card's cost:** How much does the card cost to buy?
- **The card's type:** What type of card is it (e.g., action, treasure, victory)?
- **The card's effect:** What does the card do when you play it?

## 9. Don't be afraid to experiment

Dominion is a game with a lot of different possibilities. Don't be afraid to experiment with different strategies and see what works best for you.

For example, you might want to try buying a deck that focuses on buying actions and drawing cards. Or, you might want to try buying a deck that focuses on buying cards that give you money and victory points.

## 10. Have fun!

Dominion is a game that should be enjoyed. Don't take it too seriously and just have fun playing it.

If you are not having fun, you are not playing the game right.

These are just a few tips and tricks that will help you win more games of Dominion. The most important thing is to practice and experiment with different strategies. The more you play, the better you will become at making good decisions and winning games.

So what are you waiting for? Start playing Dominion today!
